About Us

We have experience in manufacturing custom made aluminum products since the early 1990s. We have taken this expertise and our love for our DOGS to now manufacture DOG AGILITY EQUIPMENT. It's our passion for quality and the desire to meet the needs of agility enthusiasts that drive us to offer our fine but affordable products. We provide competition grade equipment at a backyard price (AKC, NADAC, USDAA - requirement options available). If there is something you need and can't find, please let us know. We would be happy to help you in any way we can. We also know how important agility training is for some dogs and how much it adds to their lives and to ours. We are dedicated to providing you with the best possible product at a cost that makes agility fun for you and your dog(s).
