

### MISSION STATEMENT

LBA Group is dedicated to empowering businesses and organizations with innovative technology solutions and exceptional service. With over 60 years of experience in the application and safety of electromagnetic energy, we specialize in providing technology and risk management for industrial and telecommunications infrastructure assets in the radio frequency and electromagnetic spaces. Guided by our core values of integrity, collaboration, and excellence, we strive to be the trusted partner organizations turn to for their RF technology, lightning protection needs and beyond. Our mission is to optimize efficiency, productivity, and security in today's rapidly evolving tech landscape through expertise, enduring relationships, and sustainable growth.

#### ABOUT

LBA Group is a diverse organization encompassing a range of subsidiaries. Our portfolio includes:

- **LBA Technology, Inc.:** A prominent provider and integrator of lightning protection, RF shielding, antenna systems, and test equipment for global broadcast, industrial, and government users.
- **Lawrence Behr Associates, Inc.:** A professional technical consultancy offering expert guidance and solutions.
- **LBA University, Inc.:** An online platform providing comprehensive professional training.
- **LBA OneSource, Inc.:** Our e-commerce website, offering a convenient platform for accessing our extensive range of products and services.

With multiple INC5000 awards, CVMSDC certification, and recognition as a North Carolina Top 50 Hispanic minority-owned small business, LBA Group is committed to excellence and innovation in everything we do.

#### DIFFERENTIATORS

High-quality, world-renowned expertise, many technologies under one roof, providing turnkey solutions. Leading supplier of portable lightning protection and architectural RF Shielding products. Strong R&D with a record of innovation and collaboration with industry leaders in the public and private sectors.

#### CORE COMPETENCIES

- RF Safety & Regulatory Compliance Solutions
- Radio Frequency Test Equipment Solutions
- Lightning Protection Systems
- RF Shielding Products & Services
- Online RF Safety Training & More

#### COMPANY DATA

Years in Business: 60  
Type: Corporation; Certified Minority Business  
UEI: FC71CVNACCT3  
DUNS: 15-393-7370  
CAGE: 0XWP7

#### NAICS

**Broadcast & Communication Systems**  
334220 Radio & Television Broadcasting & Wireless Communications Equipment Manufacturing

**RF Shielding Products & Services**  
325510 Painting & Coatings Manufacturing

**Lightning Prevention Systems**  
335931 Lightning Protection Manufacturing

**Engineering Services**  
541690 Other Scientific & Technical Consulting Services

**Online Safety Training**  
611519 Other Technical & Trade Schools

#### PAST PERFORMANCE

- Specific placements & projects w/USAF, US Marines, US Navy, British Forces
- Military & commercial – Raytheon, Datapath, Lockheed Martin, Amazon, Bechtel, Boeing
- USCG NAVTEX & DGPS Design & Furnish
- USCG Interference Location
- Support FEMA emergency alerting systems
- Mobile medium wave fast deploys transmission/antenna facilities for US Army & foreign militaries.
- High power medium wave & low frequency antenna systems - design & deploy worldwide.
- Cellular, 5 G & radio communications systems design, operational & compliance support
