

Rollers, wheels, dunnage . . . and a *whole* lot more

Wheels

No Crush Wheels

Urethane Covered Bearings

Industrial Rollers

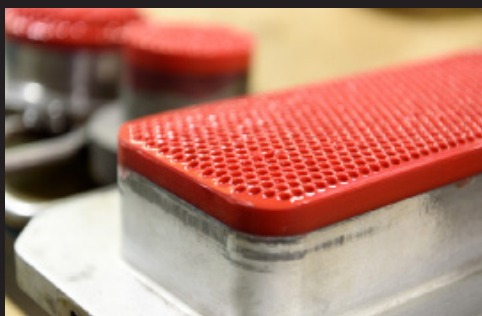

Dunnage

Urethane Belts

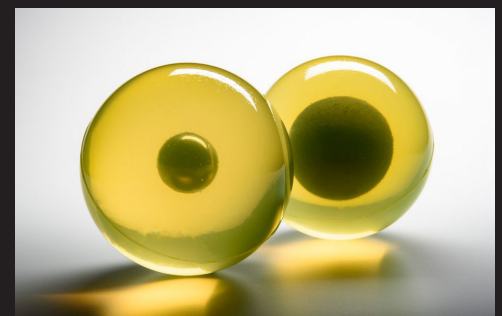

“Yes we can” approach to hard-to-solve challenges

**Urethane Covers for
Steel Heads**

Retrofit Drain Seal

**Urethane Check Valve Ball
with Steel Core**

Turnkey services that save you time and deliver true ROI

- Prototyping & Engineering** Improve part performance; reduce costs
- 3D Printing** See proof of concept faster
- Volume Production** We meet your deadline whether it's 100 pieces or 10,000
- In-house Machining** Precision CNC machining of inserts, cores and hubs
- Fresh Ideas** A factory full of creative craftsmen with different ways of thinking

In addition to custom molded urethane, we also offer:

- Mold Making** Precision molds that meet tight tolerances
- Compression Molding** Used when injection-molding costs are an issue
- Roller & Wheel Recovering** Replace worn urethane covers; reduce landfill waste

Founded in 1977, Urethane Innovators is the “go-to” choice by companies in a wide range of industries – from prototypes to high-volume urethane production.

ISO 9001:2015 certified

Small, family owned

All work performed at our New Bern, NC facility
