Standard Worklight

1200-WL-HD-4K-LED

Heavy Duty Worklight

Available with Safety Yellow or Black Housing

Model 30 Worklight

- Frosted clear impact-resistant UV-stabilized polycarbonate lens.
- UV-stabilized polycarbonate impact-resistant housing in safety yellow or black molded-in color.
- High quality lighting grade LEDs.
- Driver warranted 5 years by driver manufacturer.
- Oil/water resistant 18 SJTOW black cord with liquid-tight strain relief nut.
- One magnet, 90 lbs pull strength.
- Rubber booted water-resistant toggle switch.
- Eyebolt allows overhead mounting by chain or hook (neither included).
- ETL Listed (UL 153).
- Meets OSHA Code Requirements.
- 820 Lumens. 14 Watts.

30-WL-LED

Compact Worklight

Available with Safety Yellow or Black Housing

Model 100 Worklight with Optional Cart

- Clear prismatic impact-resistant UV-stabilized polycarbonate lens.
- Housing constructed of fiberglass reinforced polyester.
- High quality lighting grade LEDs.
- Driver warranted for 5 years by driver manufacturer.
- Oil/water resistant 18 SJTOW black cord with liquid-tight strain relief nut.
- Two magnets, 90 lbs pull strength each.
- Rubber booted water-resistant push-type switch.
- Eyebolt allows overhead mounting by chain or hook (neither included).
- Optional cart constructed of 13 gauge red enamel painted steel.
- Oil-resistant casters rated 75 lbs each.
- ETL Listed (UL153).
- 4,400 Lumens. 46 watts.

Model 1200 Worklights with Battery Backup

- Frosted clear impact-resistant UV-stabilized polycarbonate lens.
- UV-stabilized polycarbonate impact-resistant housing in safety yellow or black molded-in color.
- High quality lighting grade LEDs.
- Drivers warranted for 5 years by driver manufacturer.
- Nickel Cadmium Battery Pack warranted for 5 years by battery pack manufacturer.
- Heavy-duty model: oil/water resistant 18 SJOW black cord, liquid-tight strain relief flex nut.
- Standard model: oil/water resistant 18 SJTOW black cord with liquid-tight strain relief nut.
- Convenience outlet on heavy-duty model.
- Two magnets, 180 lbs pull strength each.
- Rubber booting water-resistant toggle switch.
- Heavy duty model includes switch guard.
- Eyebolt allows overhead mounting by chain or hook (neither included).
- ETL Listed (UL 153)
- Meets OSHA Code Requirements.
- 4,000 Lumens. 52 Watts.

1200-WL-4K-LED-BB

Standard Worklight with Battery Backup

1200-WL-HD-4K-LED-BB

Heavy Duty Worklight with Battery Backup

Available with Safety Yellow or Black Housing

Model 30 Worklight with Battery Backup

- Frosted clear impact-resistant UV-stabilized polycarbonate lens.
- UV-stabilized polycarbonate impact-resistant housing in safety yellow or black molded-in color.
- High quality lighting grade LEDs.
- Drivers warranted 5 years by driver manufacturer.
- Nickel Cadmium Battery Pack warranted for 5 years by battery pack manufacturer.
- Oil/water resistant 18 SJTOW black cord with liquid-tight strain relief nut.
- One magnet, 90 lbs pull strength.
- Rubber booting water-resistant toggle switch.
- Eyebolt allows overhead mounting by chain or hook (neither included).
- ETL Listed (UL 153).
- Meets OSHA Code Requirements.
- 820 Lumens. 21.5 Watts.

30-WL-LED-BB

Compact Worklight with Battery Backup

Available with Safety Yellow or Black Housing

Model 30 Worklight with Articulating Arm

- Frosted clear impact-resistant UV-stabilized polycarbonate lens.
- UV-stabilized polycarbonate impact-resistant housing in safety yellow or black molded-in color.
- High quality lighting grade LEDs.
- Driver warranted 5 years by driver manufacturer.
- Oil/water resistant 18 SJTOW black cord with liquid-tight strain relief nut.
- Rubber booting water-resistant toggle switch.
- Eyebolt allows overhead mounting by chain or hook (neither included).
- Optional Articulating Arm constructed of black powder coated steel base and aluminum arm.
- 820 Lumens. 14 Watts.

30-AA-WL-LED

Compact Worklight on optional articulating arm

Available with Safety Yellow or Black Housing

***Low heat / long life.
LEDs will not break when dropped.
Low power use.***
