Mission Statement:

To provide a wide range of exceptional manufacturing services that meet the highest standards of quality to support our current and future customers in their success. We are committed to on-time delivery, zero-defects, competitive pricing and service that will meet or exceed our customers' expectations.

Equipment

MILLING:

- ✚ Haas VF-2 Vertical Machining Center, Travel 30"x16"x20" (xyz), 8,500 RPM (new 2012)
- ✚ Sharp SV-2414 SE Vertical Machining Center, Travel 24"x14"x16" (xyz) 10,000 RPM (new 2012)
- ✚ Haas VF-2 Vertical Machining Center, Travel 30"x 16" x 20" (xyz), 10,000 RPM (new 2006)
- ✚ Haas VF-2 Vertical Machining Center, Travel 30"x16"x20" (xyz), 7,500 RPM (new 2005)
- ✚ Alliant 9 X 49 with Anilam DRO
- ✚ Chevalier 10 X 50 Proto Trak CNC Control

TURNING:

- ✚ Nardini 14 X 40 – Engine Lathe

GRINDING:

- ✚ Gallmeyer & Livingston No. 35 Surface Grinder 8 X 24 Automatic
- ✚ AMW Surface Grinder 6 X 18

Our philosophy and dedication to quality go hand-in-hand...

- ✚ **Quality Assurance:** Our personal reputations are on the line every day, so every employee at Wyrick Machine & Tool is responsible for ensuring every part has zero defects before reaching the customer. We strive to ensure the product and its individual components meet your exact design specifications. Strict quality controls at each step of the production process are in place to meet the highest standards our customers expect.
- ✚ **Commitment:** This is our life's work! With 30 years combined experience in the machining industry, we are committed to providing our customers with outstanding service and craftsmanship.
- ✚ **Trust:** In our global economy, we earn the trust that our customers depend on. Our customers know that we have the knowledge and expertise to create exceptional products time and time again.
- ✚ **Flexibility:** We strive to remain flexible to the needs of our customers whether it's a complex part or quick delivery. As the saying goes: "The only thing constant is change."
- ✚ **Network:** At Wyrick Machine & Tool we have developed partnerships with other machining and fabrication companies which allow us to be a one stop shop for all our customers' needs.
