

Press Release
Charlotte, NC October 24, 2016

groninger profile

Charlotte, NC

Since our start in 1980, groninger has become a world-wide leader with over 1200 employees in the design and manufacture of fill/finish processing equipment for the pharmaceutical, consumer healthcare, and cosmetic industries. Over the past 35 years, we have gained the expertise and experience to deliver high quality machines which meet your performance demands and all relevant cGMP's. Our core competency is the design and manufacture of customized, aseptic and nonaseptic liquid fill/finish lines. The product portfolio consists of the following: In our pharmaceutical sector -cartridges, vials, syringes in bulk as well as pre-sterilized in nested tubs, eye drops, and nasal sprays. Small R&D equipment as well as high speed commercial production lines including, washing, sterilizing, filling, closing, labeling and inspecting with speeds up to 400 objects a minute at a 100% in-process control rate are our daily business. In our Consumer Healthcare Sector- we provide reliable, highly flexible lines that allow for fast tool-less changeover that meet this sectors core requirements. In our cosmetic sector we provide our customers with flexible turnkey solutions for the processing of creams, lotions, mascaras, lip-gloss, fragrances and hair products. 2014 we launched the "groninger business line" concept which gives our customers more flexibility while also offering a shorter delivery time for new equipment. With our excellent resources in engineering and development we provide cutting-edge technology. Project management teams assure timely and efficient delivery. Hands-on training and local after-sales services are essential to maintain production rates. With over 7500 machines worldwide, we understand the customers' needs to avoid a line-down situation and can react quickly with a global service team and sourcing of parts locally. All machines can come equipped with remote service access and can be upgraded with our Remote-Video-System. groninger is committed to understanding and serving customers to build a long term relationship for future generations.
