Company Overview

INTERGEMM LLC is a Charlotte-based, precision-driven company specializing in **CNC and laser manufacturing technologies**. We deliver innovative solutions in **laser cutting, welding, marking, engraving, and cleaning**, integrating AI to automate production and customer engagement. As a tech-forward small business, InterGemm serves industrial, R&D, and government clients across the U.S.

Core Competencies

- Laser Cutting, Welding, Engraving, Marking, and Cleaning
 - CNC-based manufacturing and component prototyping
 - AI-integrated workflows for quoting, operations, and CRM
 - Custom-built systems and OEM sourcing support
 - On-site and remote technical consulting for fabrication
-

Differentiators

- 100% AI-integrated operation (from quoting to follow-up)
-

- U.S.-based with deep technical knowledge and rapid response
 - In progress: **ISO 9001**, **SBA 8(a)**, and **HUBZone** certifications
 - Active R&D partnerships, including NC State University
 - Founder-led team with over 10 years of machine experience
-

Past Performance

InterGemm is an **emerging federal supplier** with completed technical infrastructure, product lines, and automation systems. Our readiness includes CRM integration, product documentation, and U.S. market-tested hardware offerings. We are now engaging federal agencies and primes as a subcontractor or teaming partner.
