Our Vision

Manufacturing that conveys excellence.

Our Mission

Provide clear solutions that strengthen your ability to succeed.

Our Core Values

“Structured Approach”

To provide accuracy, reliability, repeatability, and accountability.

“Empowered Team”

Fostering a culture where everyone understands their role and has the ability, authority, and accountability to make impactful decisions.

“Pursuit of Excellence”

To bring about an attitude to be better today than yesterday, and better tomorrow than today.

“Client Centered”

Centering all we do on elevating our clients' experience and capacity to succeed.

“An Attitude of Gratitude”

We choose to be thankful.

“Specialty Manufacturing Conveying Excellence Through Experience and Innovation”.

SpecCon began in 1997 by combining the experience of seasoned employees from Taylor Manufacturing and Hay Automation. This combined background of knowledge brought a unique blend of applications, engineering, and manufacturing expertise together.

SpecCon serves the food and beverage industries as a manufacturer of conveyor and conveyor systems; we also work within the pharmaceutical, automotive, and numerous other industries providing custom solutions to meet each unique need.

SpecCon also performs contract manufacturing; we build and private label equipment, have excellent job shop capabilities for laser cutting, metal bending, machining, welding, electrical and control systems. We desire to be your one stop shop! Please call us to discuss your project / application today.
