Exhibits & Furnishings

*More Than Lighting,
Powerful Solutions*

Stock & Custom Designs

Lighting

Versatile lighting solutions that can be used in a number of applications

Power

Power distribution & USB charging available in a variety of configurations

Controls & Accessories

Convenient options to add value to your lighting system

Specialty Lighting is more than a lighting manufacturer!

- Based in North Carolina, we have been providing lighting & power solutions for over 40 years.
- Our product offering consists of a wide range of options from simple designs to elaborate & custom designs.
- Finding the right solution can be challenging:
 - What is my desired lumen output?
 - What color temperature will work best with my application?
 - What fixture length & finish is needed?
 - Do I need dimming?
 - How can I add powered USB charging into my application?
 - What are my choices for power distribution?

We are here to answer your questions, and we look forward to assisting you with finding the best solution for your application.
